How I read the sources

- **Read directly** = I fetched the page or document and read the relevant text myself (raw HTML or PDF text, or the page's text in the built-in browser). Only these support a [VERIFIED 2026-10-05: ...] tag.
 - Early summaries returned by an automated page-summary tool were used only as pointers to find the right pages. Nothing in this folder is tagged VERIFIED on the strength of such a summary.
 - The FLDOE site blocks command-line fetches (HTTP 403 "Access Denied"), so FLDOE pages were read in the built-in browser pane. The FLDOE student guide PDF triggered a download dialog in that browser, so I did not read it from the web; the project owner later supplied the PDF file and I read it in full (source 21).
 - Statutes are the **2026 Florida Statutes** as displayed on the Florida Legislature's site on 2026-10-05, with history notes through s. 4, ch. 2026-33.

03 Things I looked for and could not confirm

1. **Any Florida approval step for third-party social media materials.** I found none in s. 1003.42, Rule 6A-1.094124 or the FLDOE pages. Absence in what I read is not proof that none exists. [VERIFY with FLDOE]
2. **State Board of Education "standards" for the social media components** beyond the health education benchmarks in FLDOE's guide. Not searched in the State Board's rule chapters. [VERIFY]
3. **HB 3 (2024) effective date, enforcement and litigation.** Statute text read; the rest not found on a primary page. [VERIFY]
4. **The content of FLDOE's staff human trafficking training and the "free training curriculum."** Links seen; slides not opened.
5. **A vetted student-facing human trafficking prevention curriculum, research base, or best-practice guidance.** I did not confirm any on a primary page. The two trafficking lessons are built only from the Florida rule's required topics and the Legislature's findings in s. 787.06(1). They need specialist review. [VERIFY]
6. **Whether telling an administrator satisfies the reporting duty** under s. 39.201. The statute text puts the duty on "a person" to report to the central abuse hotline; the school's internal procedure is for district counsel. [VERIFY]
7. **FLDOE's "Student's Guide to Internet Safety" (PDF):** now read in full from the copy the owner supplied (source 21). Still unconfirmed: its URL and posting date on fldoe.org, and whether a newer version exists. [VERIFY]
8. **FLDOE's Required Instruction Implementation Plan Template (2026-52A) and Form RI-1:** links only.
9. **Whether any Florida district uses or has approved Hackles.** None known; the kit is a draft.

10. **Which law added s. 1003.42(6)-(8)** (implementation plan, 45-day revisions, State Board action) and the date. The 2026 text has them; I did not trace the session law. [VERIFY]
11. **Exact current text of the FLDOE page's "Section 1003.42(6)" citation** for the parent notice: appears inconsistent with the statute (see source 13). [VERIFY with FLDOE]
