Status: DRAFT working document, 2026-10-05. Not legal advice. Hackles has not been reviewed, approved or endorsed by any state education agency. This is part 1 of 2: 25 states from A to M plus the District of Columbia (26 jurisdictions); Florida is covered in full in 20_Florida/ and N to Z is a separate part. Read it with Sources_A-M.md and Unknowns_A-M.md, and use 20_Florida/ as the model for a full crosswalk.

Tag key: **[VERIFIED 2026-10-05: source]** means I read that primary page or document (state legislature or agency site) myself on that date. **[VERIFY]** means not confirmed from a primary source I read; check before relying on it. "No state mandate found in primary sources searched" is a statement about my searching, not a statement that none exists.

01 How to read this atlas

- **Mandate column.** YES = a statute or rule I read requires schools or districts to provide instruction (or, where stated, a policy) on the topic. CONDITIONAL = required only when something else is taught. PERMISSIVE = "may" or "encouraged". NO = none found. UNCLEAR = I could not settle it.
- **Two kinds of topic are shown.** (1) **Online-safety instruction:** internet safety, social media, cyberbullying, digital citizenship, media literacy, sexting or sextortion. (2) **Abuse-prevention instruction:** Erin's Law-type child sexual abuse prevention, dating violence, trafficking. Both are shown because Hackles lessons 6 (grooming patterns) and 7 (pressure online) support both.
- **Confidence.** High = I read the operative statutory text. Medium = I read an official summary, digest or agency page, not the operative text. Low = secondary or search-result pointer only.
- **Federal baseline (all states).** Schools and libraries that take E-rate discounts must have an internet safety policy under the Children's Internet Protection Act, which includes educating minors about appropriate online behavior. [VERIFY: 47 U.S.C. 254(h) and 47 CFR 54.520, not read this session.] Several state pages below point back to it.

Counts (my reading, 2026-10-05). Online-safety instruction mandate confirmed in operative text I read: **6** (Connecticut, Delaware, Georgia, Idaho, Illinois, plus Missouri as conditional). Partial or notice-only: **2** (Kansas, Kentucky). Mississippi is **unclear**. Abuse-prevention instruction mandate confirmed in text I read: **3** (Alabama, Alaska, Missouri). Everything else: permissive, none found or unclear.

03 Jurisdiction profiles

Format for each: **Mandate** (a), **Standards** (b), **Reporting pointer** (c), **Student data** (d), **Adoption** (e). Hackles fit is given where a mandate exists. Hackles collects no student data and has no accounts, so (d) is always a one-line relevance note.

ALABAMA

- **Mandate.** Child sexual abuse prevention: "All K-12 public schools shall establish a child sexual abuse prevention instructional program" with content set by the local board but at least (1) recognize abuse, reduce vulnerability and report; (2) at least four sessions; (3) at least annual sessions building year to year; (4) developmentally appropriate content by grade. Ala. Code 16-40-9(d). [VERIFIED 2026-10-05: ALSDE School Safety and Discipline Manual 2026, alabamaachieves.org/wp-content/uploads/2026/08/SS_20260817_ManStLawSchSafetyDisp2026_v1.pdf] Online safety: boards had to adopt an internet safety **policy** for school-owned devices by July 1, 2025 (limits age-appropriate content, protects email and chat, bars social media except teacher-directed), Ala. Code 16-1B-4 (Act 2025-386). A written policy on discipline **and education** related to distribution of private images and child sexual abuse material (including AI-generated) was required before 2024-25, Ala. Code 16-3-41 (Act 2024-98). [VERIFIED 2026-10-05: same manual] No state mandate found in primary sources searched for classroom internet-safety instruction. SB 74 (a cyber safety program on internet hazards, cyberbullying and sexting, presented by school resource officers in middle and high school) was introduced in 2025 and again in 2026; I did not find that it passed. [VERIFY: alison.legislature.state.al.us/files/pdf/SearchableInstruments/2026RS/SB74-int.pdf]
- **Standards.** Alabama Course of Study: Digital Literacy and Computer Science; Health Education. [VERIFY: documents and codes not read]
- **Reporting.** Mandatory reporting is Ala. Code 26-14-3 (listed in the ALSDE manual). [VERIFIED 2026-10-05: manual table of contents] Deadlines not read; point teachers to the Alabama DHR child abuse reporting page. [VERIFY]

- **Student data.** Alabama student-privacy law not researched. [VERIFY]
Hackles collects none.
- **Adoption.** The Governor's Task Force sets Erin's Law guidelines (16-40-9(b)); ALSDE posts them. No approved-materials list found for Hackles-type content. [VERIFY]
- **Hackles fit.** 6-8 L6 and L7 (grooming, pressure), L8 (fakes that hurt, private images) support 16-3-41 education; Erin's Law needs a body-safety program that Hackles K-5 touches only partly [VERIFY].

ALASKA

- **Mandate.** Each district board must adopt a policy, a training program for employees **and students**, and parent notices on sexual abuse and sexual assault awareness and prevention for grades K-12, with warning signs, referral and resource information, and actions a child may take to prevent and report; parents may excuse a student. AS 14.30.355. Teen dating violence and abuse program, grades 7-12. AS 14.30.356. [VERIFIED 2026-10-05: akleg.gov/basis/statutes.asp?media=print&secStart=14.30.355&secEnd=14.30.356] No state mandate found in primary sources searched for internet safety, social media or trafficking instruction; the Alaska Safe Children's Act page does not mention them. COLORADO

- **Mandate.** Encouraged, not required: each district "is encouraged to provide a comprehensive, age-appropriate curriculum that teaches safety in working and interacting on the internet in grades kindergarten through twelve" (topics include cyberbullying, predators, privacy, credible websites); child sexual abuse and assault prevention plan also "encouraged". C.R.S. 22-32-109.1(2)(c), (2.5). Required: each district must adopt and implement a **policy** of internet safety for minors. 22-87-104. The Department of Education must keep a **resource bank** of materials on social media's mental and physical health impacts, internet safety and cybersecurity, usable in K-12. 22-2-127.8 (HB 24-1136). [VERIFIED 2026-10-05: content.leg.colorado.gov/sites/default/files/images/olls/crs2024-title-22.pdf] No state mandate found in primary sources searched for instruction.

DELAWARE

- **Mandate.** The Department of Education "shall adopt evidence-based, media literacy standards ... for use by each school district and charter school serving students in 1 or more of the grades kindergarten through 12". Media literacy includes digital citizenship, internet safety and cyberbullying prevention. Standards and materials must address social media platform purpose and acceptable use, harms (bullying, hacking, privacy, piracy), cybersafety and hate speech, credible sources, bias and misinformation, and how media influence behavior. 14 Del. C. 4146 (83 Del. Laws c. 417; text carries "For application of this section, see 83 Del. Laws, c. 417, section 2", which I did not read). Triennial report to the General Assembly. HAWAII

- **Mandate.** UNCLEAR. Bills to require social media instruction in grades 6-12 and restrict student social media access appeared in searches; the Hawaii bills I opened (HB 289 and others, 2025-26) were about cell phones, and the current HRS chapter 302A text I read has no social media or internet safety instruction section. No state mandate found in primary sources searched. [VERIFIED 2026-10-05: data.capitol.hawaii.gov/hrscurrent/Vol05_Ch0261-0319/HRS0302A/HRS_0302A-.htm, searched for terms; bills at data.capitol.hawaii.gov/sessions/session2025 and session2026] The instruction bill cited by a search summary could not be located or its status confirmed. IDAHO

- **Mandate.** Each school district and charter that gets state general fund money must have an internet use policy that includes "a component of internet safety for students that is integrated into the school district's or public charter school's instructional program" plus filtering. Idaho Code 33-132(7)(b); amended 2025 (ch. 198) and 2026 (ch. 251). No grades stated. [VERIFIED 2026-10-05: legislature.idaho.gov/statutesrules/idstat/title33/t33ch1/sect33-132/] I did not compare the 2025 and 2026 amendments to earlier text. [VERIFY]

ILLINOIS

- **Mandate (two sections, both read).** (1) **105 ILCS 5/27-410** (formerly 27-13.3, "Internet safety education curriculum"): a school district "must incorporate into the school curriculum a component on Internet safety to be taught at least once each school year to students in grades 3 through 12" (age-appropriate curriculum may start in K); board sets scope and duration; recommended topics: safe use of social networking and chat, recognizing and reporting online solicitation by predators, personal information risks, deceptive communications, online harassment and cyberbullying, illegal activity, copyright; curricula may be reviewed by the Attorney General; State Board makes resources available. The section text I read is marked "scheduled to be repealed on July 1, 2027". (2) **105 ILCS 5/27-405** (P.A. 104-391, effective Aug. 15, 2025, "Online safety and media literacy"): beginning with 2027-28 every public school must adopt an age-appropriate online safety curriculum taught at least once each school year in grades 3-8 (recommended topics include responsible use, predators, personal information, deceptive messages, reporting, legal penalties including sharing sexually explicit content, and online use and social-emotional health), and must include a media literacy and internet safety unit in grades 9-12 (evaluating information and misinformation, creating media, reflecting on media consumption, legal and social penalties, reporting illicit content). The State Board must prepare instructional resources, including on harmful effects of unhealthy internet and social media use. [VERIFIED 2026-10-05: ilga.gov/legislation/ILCS/details?...ActID=1005&ChapterID=17...SeqStart=188800000&SeqEnd=189200000] Child sexual abuse and assault awareness and prevention in grades pre-K-12 inside personal health and safety classes (27-9.1a) was reported in a search summary; not read. 04 What I would do next (not done here)

1. Full crosswalks for the strongest cases: Illinois, Georgia, Mississippi, Delaware, Missouri, Idaho, Connecticut (statute components against Hackles lessons), using 20_Florida/ as the template.
2. Read the Georgia O.C.G.A. 20-2-149 text and the Mississippi MDE curriculum when published.
3. Settle the unclear states: Hawaii, Maryland, Massachusetts, Louisiana (BESE rules), Arkansas (Erin's Law).
4. Replace every "[VERIFY]" standards line with the real strand and benchmark codes after reading each standards document.
5. Before any outreach, have counsel review the State Student-Data line for the state in question; Hackles collects none.
