No student accounts. No student data collected, ever. Hackles has not been evaluated in a controlled study, and it does not replace school safeguarding procedures, counseling or professional advice.

Status: pilot draft. The text was drafted with AI assistance and checked by AI reviewers. A school counselor, a child-safety expert and an attorney have not yet reviewed it, and many hotline numbers, statistics and state-law statements still carry a [VERIFY] flag. Read [VERIFY_Checklist](#) before you rely on any of them. Do not tell families it is approved by any state agency.

01 What Hackles is

HACKLES TEACHES CHILDREN ONE habit. When something online feels off, they notice the feeling (**Hackles up?**), stop (**Pause**), take a second look (**Check**) and tell a trusted adult (**Tell**). A false alarm is fine. If something already went wrong, it was never the child's fault.

The kit has 47 lessons of 15 minutes each: ten per grade band (K-2, 3-5, 6-8, 9-12) plus seven Plus lessons for older students (6-8 P1 to P3, 9-12 P1 to P4) that cover topics some states require. Around the lessons you will find slides, one-page lesson cards, six offline classroom tools, training for teachers, materials for families, administrators, colleges and out-of-school clubs, and a searchable web edition.

STUDENT-FACING FILES CARRY THE credit line and never promote any product.

The art in this kit is placeholder art until an illustrator replaces it.

Terms. The **Help Ladder** is the tool for "who do I tell, and what if they do not help?" (K-2 uses a picture version, "My Tell-Someone Team"). **Hackles Day** is

the school event. **STOP • SAVE • TELL • REPORT** is the response drill for threats and image abuse in grades 6-12. SAVE means keep the words, usernames and links. Never screenshot, save or forward an intimate image of anyone under 18.

04 **How to use the kit**

- 1. Read the Teacher Primer (about 10 minutes).
- 2. Read the Disclosure and Incident Guide, and check your school's mandatory-reporting policy and your state's law.
- 3. Pick your band. Read the lesson card for Lesson 1 and, if you want more, the Teacher Guide's opening pages.
- 4. Tell your counselor before any sensitive lesson (body safety, sextortion, grooming, and the Plus lessons on trafficking and on mental health), and send the family letter. Do not teach Plus Lesson P1 (trafficking) until a trafficking-prevention specialist has reviewed it, or Plus Lesson P2 (mental health) until a counselor or clinician has.
- 5. Teach one lesson a week: hook, activity, discussion, takeaway. Print the reproducibles you need.
- 6. If you want to measure, run the paper pre/post and keep tallies to class counts, with no names. Check consent rules first.
- 7. Send home the family card and reply slip.
- 8. Celebrate with a Hackles Day if you like.
- 9. Tell us what to fix. [CONTACT: to be added]

06 Pacing

SETTING	PACE
Standard	One lesson a week for 10 weeks per band
Advisory or homeroom	15 minutes, two days a week (5 weeks)
Library or camp	Two or three lessons per session, or the Clubs edition
Event	A Hackles Day with stations
Sensitive lessons	After the counselor heads-up; allow opt-outs; avoid Fridays and the day before a holiday
Plus lessons	See each Teacher Guide's pacing guide and 20_Florida/Florida_HB379_Crosswalk

EACH TEACHER GUIDE HAS its own pacing guide, and that one wins.

07 Release gates (summary)

BEFORE WIDE RELEASE: A school counselor reviews the sensitive lessons; a child-safety organization or clinician reviews them again; an attorney reviews the license, terms, privacy, trademark and liability; someone checks every hotline, URL, statistic and state-law statement against primary sources; and a small pilot (three to five classrooms per band) tests timing, fun and comprehension.

08 Rebuilding the files

THE MARKDOWN FILES ARE the source of truth. The Word and PDF files are generated from them. The Reader, Slides and Lab are generated too. Instructions are in the project's top-level [README.txt](#).
