Status: DRAFT working document, 2026-10-05. Not legal advice. Hackles has not been reviewed, approved or endorsed by the Florida Department of Education (FLDOE) or any Florida school district. Read it with 20_Florida/Gap_Lesson_Stubs.md (the original drafts, kept for audit), District_Adoption_Guide.md, Florida_Statutes_and_Sources.md and Plus_Lessons_Changelog.md.

Update 2026-10-05. The seven gap drafts (FL-1 to FL-7) have been built into the main kit as full Plus lessons (6-8 P1 to P3; 9-12 P1 to P4), and the small edits P-1 to P-10 have been applied to existing lessons. Sections 4, 9.2 and 9.4 keep the first-pass verdicts on the **unchanged** core lessons so the reasoning stays visible. **Section 5.1 gives the current verdicts.** None of the new lessons has been reviewed by anyone outside the author.

Tag key: **[VERIFIED 2026-10-05: source]** means the author read that primary page or document in full or in the quoted part on that date. **[VERIFY]** means not confirmed from a primary source; check before relying on it.

01 Bottom line

QUESTION	ANSWER
What does Florida require?	Instruction for students in grades 6 through 12 on the social, emotional and physical effects of social media, with six named content components (Section 2). Section 1003.42(2)(o)5.a., Florida Statutes. [VERIFIED 2026-10-05: leg.state.fl.us 1003.42, 2026 Florida Statutes]
Does Hackles cover all six components?	The core ten lessons alone: no. First pass, nine rows (C5 split into four): grades 6-8 = 5 Full, 3 Partial, 1 Gap; grades 9-12 = 4 Full, 2 Partial, 3 Gap (Section 5). With the Plus lessons and the applied edits: yes on paper. All nine rows are Full for the statute's wording in both bands, but 3 rows in 6-8 and 5 rows in 9-12 rest on Plus lessons that no outside reviewer has seen, including both trafficking lessons, which must not be taught until a specialist signs off. Against FLDOE's own guide, C5a stays Partial in both bands. See Section 5.1.
Biggest gaps in the first pass (each now has a Plus lesson, pending review)	(1) Human trafficking recognition and reporting: not taught in either band (one passing mention in a 9-12 teacher box). (2) Negative mental-health effects of social media, including addiction: only a partial treatment in 6-8 Lesson 10, none in 9-12. (3) How platforms manipulate behavior: Full in 6-8 (Lesson 10), not taught in 9-12.
What changed after reading FLDOE's Student's Guide (May 2025)?	Two verdicts weaken on the guide's own expectations (6-8 C3 Full to Partial; C5a Full to Partial in both bands) and 14 expectations the first pass missed are listed (Section 9.3). Divergences to handle: evidence screenshots versus never saving intimate images [COUNSEL TO CONFIRM], block-and-report order, school resource officer, the labor-only trafficking definition (Section 10).
Fix (done 2026-10-05)	Seven 15-minute Plus lessons built into the Teacher Guides, Workbooks, Reproducibles, Answer Keys, Assessment Pack and Family Pack, plus edits P-1 to P-10 applied to existing lessons (Section 7). Every Plus lesson still needs the review gates before classroom use; the trafficking lessons need review by a trafficking-prevention specialist first, and the mental-health lessons review by a school counselor or clinician .
Is there a Florida approval step?	I found none in the statute or rule text for this component. The statute requires FLDOE to post materials and districts to notify parents; districts must also list their materials in an annual implementation plan. See District_Adoption_Guide.md.

Legacy IDs. The drafts in Gap_Lesson_Stubs.md used the codes FL-1 to FL-7. In the kit they are:

DRAFT	PLUS LESSON IN THE KIT	WHERE
FL-1	6-8 P1 Work, Pressure and Promises Online: recognising trafficking and exploitation	03_6-8 Teacher Guide Part 7B; Workbook; Reproducibles RP1; Answer Key
FL-3	6-8 P2 Scroll Science: how feeds and notifications pull on you, and how to take the wheel	same, RP2
FL-6	6-8 P3 Fact, Fiction or Fake? Check before you share	same, RP3
FL-2	9-12 P1 Recruitment Online: Spot It, Say It, Report It	04_9-12 Teacher Guide Part B2; Workbook (Plus Worksheets); Reproducibles R12; Answer Key
FL-4	9-12 P2 Mind, Mood, and the Scroll	same
FL-5	9-12 P3 Whose Goal Is It?	same
FL-7	9-12 P4 From Mean to Harmful: Recognize, Respond, Report	same

Where this file still says "FL-n" in Sections 4, 6, 9 and 10, read it as the Plus lesson in this table.

02 What the statute says (the six components)

SOURCE TEXT, QUOTED: "FOR students in grades 6 through 12, the social, emotional, and physical effects of social media. This component must include, but need not be limited to, the negative effects of social media on mental health, including addiction; the distribution of misinformation on social media; how social media manipulates behavior; the permanency of sharing materials online; how to maintain personal security and identify cyberbullying, predatory behavior, and human trafficking on the Internet; and how to report suspicious behavior encountered on the Internet."
[VERIFIED 2026-10-05: leg.state.fl.us 1003.42(2)(o)5.a.; same words in the enrolled CS/HB 379, flsenate.gov, VERIFIED 2026-10-05]

CODE	COMPONENT (STATUTORY WORDING)
C1	The negative effects of social media on mental health, including addiction
C2	The distribution of misinformation on social media
C3	How social media manipulates behavior
C4	The permanency of sharing materials online
C5a	How to maintain personal security on the Internet
C5b	How to identify cyberbullying on the Internet
C5c	How to identify predatory behavior on the Internet
C5d	How to identify human trafficking on the Internet
C6	How to report suspicious behavior encountered on the Internet

The list is a floor ("must include, but need not be limited to"). The Hackles crosswalk below treats the six semicolon-separated items as C1 to C6 and splits C5 into four because the kit covers its parts very differently.

Who and when, in one place:

- Who provides it: members of the instructional staff of public schools, "subject to the rules of the State Board of Education and the district school board," under s. 1003.42(2). [VERIFIED 2026-10-05: leg.state.fl.us 1003.42(2)]
- Effective date: CS/HB 379 (Chapter 2023-36, Laws of Florida) "shall take effect July 1, 2023"; approved by the Governor May 9, 2023. [VERIFIED 2026-10-05: flsenate.gov enrolled text; laws.flrules.org/2023/36]

- Parent notice: the Department of Education "shall make available online the instructional material being used pursuant to this subparagraph, and each district school board shall notify parents of its availability" (s. 1003.42(2)(o)5.b.). [VERIFIED 2026-10-05: leg.state.fl.us 1003.42]
- Materials: FLDOE posts an Effects of Social Media Instructional Guide and a student guide at fldoe.org/academics/standards/instructional-materials/effects-sm.stml. [VERIFIED 2026-10-05: FLDOE page, read in the built-in browser; the guide's Word file was read in part; the student guide PDF was later read in full, see Section 9]

03 How the ratings work

RATING	MEANING
Full	A lesson step explicitly teaches the component to students, with an activity, at an age-appropriate level. Wording may differ from the statute.
Partial	The idea appears (in a hook, a discussion question, a teacher note or part of an activity) but is not taught as a main objective, or an important sub-part is missing. A teacher could miss it.
Gap	Not taught, or only mentioned in passing.

RATINGS ARE THE AUTHOR'S reading of the 6-8 and 9-12 Teacher Guides (and a keyword check of the Reproducibles and Student Workbooks, which add no further coverage). They are not an FLDOE or district determination. Lesson numbers are from 03_6-8/6-8_Teacher_Guide.md and 04_9-12/9-12_Teacher_Guide.md. The gap lessons formerly called "FL-1" to "FL-7" are now the Plus lessons (see the Legacy IDs table in Section 1); the original stubs remain in Gap_Lesson_Stubs.md for audit.

04 Crosswalk by band

The ratings in 4.1, 4.2 and 9.2 are the first-pass verdicts on the unchanged core lessons. Section 5.1 gives the current verdicts after the Plus lessons and edits.

4.1 GRADES 6-8 ("CASE FILES")

COMPONENT	LESSON (NUMBER AND TITLE) AND THE ACTIVITY THAT COVERS IT	RATING	NOTES
C1 Mental-health effects, incl. addiction	L10 Built to Keep You Scrolling: Hook (feeling stuck on an app), Step 3 My Limits plan, Discuss Q5 (sleep, mood, friendships), Level-Up "Seven-Day Experiment" (sleep and mood). L5 Chatbots & AI Companions: Step 4 "Hand off to a human" habit and the 988 line (companion bot discouraging real help). L9 Group Chat Dynamics: Step 2 Escalation Meter (exclusion, humiliation).	Partial	The kit avoids the word "addiction" on purpose ("Do not frame it as addiction; avoid diagnosis", L10 teacher notes). That is a sound clinical stance, but the statute names addiction and "negative effects ... on mental health," so students should hear the plain language (compulsive or hard-to-stop use; effects on mood, sleep, self-image, loneliness) with honest, balanced framing. No lesson names comparison, anxiety, loneliness or low mood as effects. Stub: FL-3.
C2 Misinformation	L5: Step 4 "Check it" habit (compare facts with two other sources); chatbot gives a wrong answer (CF-5). L8 Fakes That Hurt: Step 2 real or fake, same harm (about fake images, not about false claims spreading). L3 Phish Lab: FLAGS on fake messages (scams, not misinformation).	Partial	No lesson teaches how false or misleading claims spread through sharing, or how to check a claim before passing it on. The pieces exist but are about scams, chatbots and image abuse. Stub: FL-6.
C3 Platform manipulation of behavior	L10: Step 2 Design Detective (endless scroll, autoplay, streaks, notifications and badges, like counts, variable rewards), the persuasive-design framing in the Hook. L5: companion bots built to keep you talking.	Full	Strongest match in the kit. Uses a fictional app (ScrollSpot) and no brand names.
C4 Permanency	L4 Footprint & Permissions: the four questions, incl. "Can I undo it?" (Step 2), Discuss Q2, teacher note "Can I delete everything? (Often partly; others may have copied it)". L9: Step 3 "Save, do not spread" (screenshots travel).	Partial	The idea of permanence is implicit (undo, copies) but is never taught as a main point, and the word "permanent" does not appear as a student concept. A 3-minute add-on is proposed (Section 7, edit P-1) rather than a new lesson.
C5a Personal security	L2 Account Defense (Step 2 Key Ring Game, Step 3 email as master key, Step 4 the "Oops" plan); L3 Phish Lab (Step 1 FLAGS, Step 2 DM cards); L4 (Step 3 settings audit of the fictional PicNest app).	Full	
C5b Cyberbullying	L9 Group Chat Dynamics: Step 2 Escalation Meter (ANNOYING, HURTING, TELL NOW), Step 3 save evidence without spreading it, Step 4 upstander phrases. L8: bystander moves for a harmful fake.	Full	The word "cyberbullying" is rarely used in the student text. Proposed edit P-2: name the term and tie it to the Florida definition in s. 1006.147 (read, but see Sources).
C5c Predatory behavior	L6 Grooming Patterns: Step 2 Timeline Strip Sort (trust, secrecy, isolation, escalation), Step 4 Safe and Unsafe Secrets. L7 Pressure Online: Step 2 the Drill, Step 4 what the person is counting on. L1: CF-1 unknown contact asking for secrecy.	Full	Counselor heads-up and family note required by the kit.
C5d Human trafficking	None.	Gap	"Traffick" does not appear in the 6-8 Teacher Guide, Student Workbook or Reproducibles. Stub: FL-1 (needs specialist review).

COMPONENT	LESSON (NUMBER AND TITLE) AND THE ACTIVITY THAT COVERS IT	RATING	NOTES
C6 Reporting suspicious behavior	L1 Help Ladder: Real Practice (Steps 3-4: Tell-3 script, Next-Rung Rule); L6 (tell at any stage); L7 (Step 3 rehearse the telling; Step 4: REPORT in the Drill); L8 (REPORT); L9 (TELL NOW tier). Part 6 Help Numbers page.	Full	Reporting routes in the kit are national (NCMEC, 988, Childhelp) with blanks for the state hotline. Florida routes should be added to Part 6 (edit P-3).

4.2 GRADES 9-12 ("YOUR DIGITAL DEFENSE PLAN")

COMPONENT	LESSON (NUMBER AND TITLE) AND THE ACTIVITY THAT COVERS IT	RATING	NOTES
C1 Mental-health effects, incl. addiction	None as a teaching objective. L8 Be the Helper (Step 2-3 role-play: a friend who "can't sleep" or says "I do not want to be here anymore") supports a friend in crisis but does not teach effects of social media.	Gap	No lesson addresses social media and mood, sleep, comparison, loneliness or compulsive use. Stub: FL-4.
C2 Misinformation	L6 Synthetic Media and Truth: Step 1 four moves (Pause, Source, Second source, Trace), Step 2 Claim Cards (includes non-AI claims such as a protest photo and a "private message" screenshot), Discuss Q4 (why anger spreads things faster). L3: verification "Check" habit.	Full	The lesson is centered on AI fakes; Claim Cards cover wider claims. Teachers may want a line on rumor and news sharing (see FL-6 teacher notes).
C3 Platform manipulation of behavior	L3 Social Engineering Case Lab teaches HOOKS (Hurry, Strange method, etc.) used by scammers, which is persuasion by people, not platform design. Nothing teaches feeds, notifications, recommendation or engagement design.	Gap	L3 supplies a useful adjacent skill but does not meet the statutory wording "how social media manipulates behavior." Stub: FL-5.
C4 Permanency	L4 Data Brokers and Location: Big idea ("Information, once shared, can travel and stay"); practiced skill "understand permanence and opt-outs"; Step 1 mosaic; Step 4 data brokers.	Full	
C5a Personal security	L1 Threat-Model Yourself; L2 Credentials and Passkeys; L3 (Case Lab); L4 (Step 3 Settings Check).	Full	
C5b Cyberbullying	L7 Coercion in Relationships Online (Step 3 signs of digital control: constant checking, demanding passwords, threats to share); L8 (helping a friend); L6 (humiliating fakes).	Partial	"Cyberbullying" appears once in the 9-12 guide. Peer harassment, pile-ons and exclusion are not taught as such. Stub: FL-7.
C5c Predatory behavior	L5 Sextortion and Image Abuse (Step 1 pattern markers: fast closeness, flattery, push to a private app); L7 (coercion pattern).	Partial	Covers one predatory pattern (sextortion) well. A general "someone older or unknown builds trust to gain access" pattern, including recruitment, is folded into FL-2 .
C5d Human trafficking	None. One teacher box in L3 (line 530 of the guide) mentions "trafficked into scams or sexual extortion" for mandated reporting only.	Gap	Stub: FL-2 (needs specialist review).
C6 Reporting suspicious behavior	L5 (STOP, SAVE, TELL, REPORT; Step 3 first sentence of TELL); L8 (Hear, Help, Hand off); L10 Capstone (Help Ladder in the Defense Plan); A6 disclosure section.	Full	Add Florida routes (edit P-3).

05 Coverage summary (first pass: core lessons only)

COMPONENT	GRADES 6-8	GRADES 9-12	STUB THAT CLOSES IT
C1 Mental health, incl. addiction	Partial	Gap	FL-3 (6-8), FL-4 (9-12)
C2 Misinformation	Partial	Full	FL-6 (6-8)
C3 Manipulation by platforms	Full	Gap	FL-5 (9-12)
C4 Permanency	Partial	Full	Edit P-1 (6-8)
C5a Personal security	Full	Full	none
C5b Cyberbullying	Full	Partial	FL-7 (9-12); edit P-2 (6-8 wording)
C5c Predatory behavior	Full	Partial	FL-2 (9-12 recap)
C5d Human trafficking	Gap	Gap	FL-1 (6-8), FL-2 (9-12)
C6 Reporting	Full	Full	Edit P-3 (Florida routes)

COUNT (NINE ROWS): GRADES 6-8 = 5 Full, 3 Partial, 1 Gap. Grades 9-12 = 4 Full, 2 Partial, 3 Gap (C1, C3 and C5d). Read against FLDOE's own Student's Guide, two more verdicts weaken (Section 9.4): 6-8 C3 and C5a in both bands. The kit as written would **not** satisfy a district that wants every component taught to every grade band without additions.

5.1 VERDICTS AFTER THE PLUS LESSONS AND THE APPLIED EDITS (2026-10-05)

Rating scale as in Section 3. **Full (pending review)** means a lesson step explicitly teaches the component with an activity, at an age-appropriate level, but the lesson has not passed the review gates and should not be taught until it has (specialist for trafficking, counselor or clinician for mental health, educator for the rest). It does not mean cleared. Plain **Full** means the core lesson plus a small applied edit teach it, with no new lesson, though the edit still carries its own [VERIFY] flags.

COMPONENT	GRADES 6-8: BEFORE, NOW	GRADES 9-12: BEFORE, NOW	WHAT NOW COVERS IT	HONEST CAVEAT
C1 Mental health, incl. addiction	Partial, Full (pending review)	Gap, Full (pending review)	6-8 P2 (with L10 edits P-4, P-7); 9-12 P2	Counselor or clinician review required. The reward and dopamine wording, the "well supported, still studied, hype" table and the signal cards are the author's, with no primary research source read. [VERIFY]
C2 Misinformation	Partial, Full (pending review)	Full, Full	6-8 P3 (Check Strip, data card, report-it move); 9-12 L6 with the V9 chart card and the Report move (P-10)	6-8 P3 needs an educator read. Uses made-up claims only, by design.

COMPONENT	GRADES 6-8: BEFORE, NOW	GRADES 9-12: BEFORE, NOW	WHAT NOW COVERS IT	HONEST CAVEAT
C3 Manipulation by platforms	Full, Full	Gap, Full (pending review)	6-8 L10 plus P2 and the vocabulary edits (P-7); 9-12 P3	9-12 P3 needs an educator review and counsel's view on how s. 501.1736 applies today [VERIFY].
C4 Permanency	Partial, Full	Full, Full	6-8 L4 Copy Chain add-on (P-1); 9-12 L4	The Copy Chain replaces the share-out and trims the audit to two screens, so it costs no time but changes the lesson's shape.
C5a Personal security	Full, Full	Full, Full	L2 to L4; 6-8 and 9-12 device basics add-on (P-8)	See the guide-adjusted row below: still Partial against the guide.
C5b Cyberbullying	Full, Full	Partial, Full (pending review)	6-8 L9 with the term edit (P-2); 9-12 P4	P4's evidence wording needs counsel. [COUNSEL TO CONFIRM]
C5c Predatory behavior	Full, Full	Partial, Full (pending review)	6-8 L6 and L7; 9-12 L5 and L7 plus PI's HOOK, MOVE, BIND, CONTROL pattern	Two lessons carry the 9-12 coverage; one of them is PI, which needs specialist review.
C5d Human trafficking	Gap, Full (pending review)	Gap, Full (pending review)	6-8 PI; 9-12 PI	Not teachable until a trafficking-prevention specialist reviews them. The lessons teach flags, boundaries, telling and the Florida routes, and teach no prevalence figures although Rule 6A-1.094124 lists prevalence among the topics; a district may add specialist-approved wording.
C6 Reporting	Full, Full	Full, Full	L1, L6 to L9; Florida routes and the evidence rule (P-3, P-9); both bands' PI and P4	Florida wording on school resource officers and on evidence needs counsel. [COUNSEL TO CONFIRM]

Count after (nine rows, statutory wording). Grades 6-8: 9 Full, of which 3 are pending review (C1, C2, C5d). Grades 9-12: 9 Full, of which 5 are pending review (C1, C3, C5b, C5c, C5d). Read plainly: the kit now has something for every component, but the part that matters most for safety, the trafficking and mental-health lessons, is exactly the part no expert has checked.

Guide-adjusted (against FLDOE's Student's Guide, Section 9.4) after the Plus lessons and edits.

COMPONENT	6-8	9-12	LEFT OPEN
C1	Full (pending review)	Full (pending review)	The reward statement is framed responsibly but unverified; the five dependency signs appear as plain-word signals, never as a self-test
C2	Full (pending review)	Full	none beyond review
C3	Full	Full (pending review)	The guide's definitions of health, legal and ethical behaviors (p.9) are not taught

COMPONENT	6-8	9-12	LEFT OPEN
C4	Full	Full	Platform minimum ages (HB 3) are not taught, by design (D8); the cache and IP point is softened and needs district IT [VERIFY]
C5a	Partial	Partial	Updates, public Wi-Fi, PII and gaming settings are now taught in a 2-minute add-on in both bands, but computer-related laws (digital privacy, intellectual property): 6-8 does not teach them at all; 9-12 has one unverified line each in L9 [VERIFY with counsel]
C5b, C5c	Full	Full (pending review)	none beyond review
C5d	Full (pending review)	Full (pending review)	Definition is wider than the guide's labor-only wording (D5); the specialist decides final wording
C6	Full	Full	The "positive outcomes of reporting" question is now in 6-8 LI and 9-12 PI and P4

Guide-adjusted count (nine rows): grades 6-8 = 8 Full (3 pending review) and 1 Partial (C5a); grades 9-12 = 8 Full (5 pending review) and 1 Partial (C5a). In both bands, platform minimum-age rules are not taught, by design. Do not tell districts that Hackles "satisfies" the guide or the statute. A district decides that, and it has not reviewed this.

06 Cross-check against the FLDOE Instructional Guide

FLDOE'S EFFECTS OF SOCIAL Media Instructional Guide lists benchmarks from Florida's health education standards that it says integrate the required components, and says the components "can be taught at any grade level or within any course, tailored to meet the needs of students and districts." [VERIFIED 2026-10-05: FLDOE Effects of Social Media Instructional Guide (Word), read in part via the built-in browser] The benchmarks below were read in the guide; the Hackles lesson column is the author's mapping (approximate; not an FLDOE alignment).

FLDOE BENCHMARK (VERIFIED WORDING, SHORTENED)	HACKLES LESSON(S)
HE.6.PHC.2.1: analyze how media and social media influence personal and peer thoughts, feelings and health behaviors (example: social media dependence affecting friendships and body image)	6-8 LI0, FL-3, L5
HE.6.PHC.2.8: describe legal and ethical behaviors using the internet and social media; clarification: recognizing and reporting signs of human trafficking and cyberbullying	6-8 L9, LI, FL-I
HE.6.CH.2.1: how health messages and communication techniques are targeted to audiences; clarification: algorithms target audiences	6-8 LI0, L4 (ads and data screen)
HE.7.PHC.2.1: interpret impact of media and social media on health behaviors, thoughts, feelings (influencers, challenges, trends; "friends" online)	6-8 LI0, L5, L9, FL-3
HE.7.PHC.2.8: safe and legal practices in online communities; clarification: reporting unsafe activity, cyberbullying	6-8 LI, L6, L9
HE.8.PHC.2.1: analyze influences of media and social media on physical, emotional and social health (example: sleep, screen time)	6-8 LI0, FL-3

FLDOE BENCHMARK (VERIFIED WORDING, SHORTENED)	HACKLES LESSON(S)
HE.8.PHC.2.10: explain the impact of cyberbullying and inappropriate use of social media on personal wellness; clarification: compounding impact on mental health "such as depression, anxiety, loneliness, social isolation, and susceptibility to human trafficking"	6-8 L9, FL-3, FL-I
HE.8.PHC.4.2: identify strategies to combat cyberbullying and online harassment (reporting suspicious behavior, maintaining personal security, identifying human trafficking)	6-8 L1, L9, L7, FL-I
HE.912.PHC.2.1: evaluate how influences of social media affect physical and mental health (body image, dietary habits, cyberbullying; prevention of human trafficking by maintaining personal security)	FL-4, FL-2, 9-12 L4
HE.912.PHC.2.9: analyze the impacts of technology and social media on popular culture and personal life (comments, saves, likes, shares)	FL-5, FL-4
HE.912.PHC.2.10 and HE.912.PHC.4.3: ethical use of technology; develop strategies to combat cyberbullying and harassment; recognize and report human trafficking, cyberbullying and suspicious behavior	FL-7, FL-2, 9-12 L5, L8
HE.912.CEH.2.3: propose strategies to avoid risks on social media and the internet	9-12 L1, L2, L4, L10
HE.912.CEH.2.9: identify computer related laws and analyze their impact on internet safety	9-12 L9 (law and ethics)

Not read in full: the guide's computer science benchmark entries and its 6-12 glossary and vertical-alignment pages. District staff who are filling in the implementation plan should use FLDOE's own guide and Required Instruction Benchmark Alignment Guide, not this table. [VERIFY]

07

Edits to existing lessons (APPLIED 2026-10-05; see Plus_Lessons_Changelog.md)

THE BRAND RULES SAY not to change child-safety content, disclosure boxes, scripts or [VERIFY] flags except for names, and not to soften sensitive-lesson safeguards. These edits only added material; none removed or softened an existing safeguard. The table below is the original proposal. The status table after it says where each was applied and what differs from the proposal.

ID	WHERE	PROPOSED CHANGE
P-1	6-8 Lesson 4, Discuss (or Step 4)	Add a 3-minute "Copy Chain" add-on for C4 permanency. Text: "SAY: 'Draw a post on a sticky note. Pass it to a neighbor, who draws a copy. Pass it on again. Now I ask you to delete the first one. Does the chain disappear?' Debrief: Deleting your copy does not delete copies other people made, saved, screenshotted or reposted. Before you post, ask: 'Would I be okay if this stayed around, in a place I did not choose, for a long time?' That is the permanence question. If something you posted worries you, tell a trusted adult; many things can be reported and removed even when not all copies can.'" Add "permanence" to the Takeaway: "Pause before you post: it can outlive your delete button."
P-2	6-8 Lesson 9, Hook or Step 2	Add one sentence: "When this happens through phones, games or chats, it is called cyberbullying." and, in the teacher notes, the Florida statutory definition of bullying and cyberbullying in s. 1006.147 [VERIFY exact wording with district counsel].

ID	WHERE	PROPOSED CHANGE
P-3	6-8 Part 6 Help Numbers; 9-12 Part A6 and the Disclosure Quick Card	Add Florida rows. Florida Abuse Hotline 1-800-962-2873 (24 hours) [VERIFIED 2026-10-05: myflfamilies.com]; Florida Human Trafficking Hotline 1-855-FLA-SAFE (1-855-352-7233) [VERIFIED 2026-10-05: fdle.state.fl.us]; National Human Trafficking Hotline 1-888-373-7888 [VERIFIED 2026-10-05: humantraffickinghotline.org/en/contact]. Add the Florida duty: any person who knows or has reasonable cause to suspect child abuse must report immediately to the central abuse hotline, and school personnel must give their name [VERIFIED 2026-10-05: leg.state.fl.us 39.201(1)]. Note: the existing line "telling the principal may not satisfy your own legal duty" is consistent with the text of 39.201(1)(a), which puts the duty on "a person" to report to the hotline; confirm the exact school procedure with district counsel [VERIFY].
P-4	6-8 Lesson 10 teacher notes	Keep "avoid diagnosis" but add: "Florida law asks schools to teach the negative effects of social media on mental health, including addiction. Use plain words such as 'hard to stop' or 'compulsive use' and say clearly that only a health professional can diagnose a problem." (See FL-3.)
P-5	6-8 and 9-12 Teacher Guides, State and federal context lines	Update the Florida line: HB 379 (Chapter 2023-36) requires instruction for grades 6-12 in s. 1003.42(2)(o)5.a.; FLDOE posts materials; Rule 6A-1.094124, F.A.C., requires an annual implementation plan (effective 8/25/2026) [VERIFIED 2026-10-05: flrules.org]. Add the Florida-specific caution that the kit has not been reviewed by FLDOE.
P-6	Counselor Heads-Up and Opt-Out Toolkit	Add that, in Florida, the statute I read provides a parent exemption only for reproductive health and disease instruction (s. 1003.42(5)); opt-outs from Hackles lessons are therefore a district or school policy choice and the alternate activity must still teach the component (see District_Adoption_Guide.md). [VERIFIED 2026-10-05: leg.state.fl.us 1003.42(5)]
P-7	6-8 Lesson 10 (Design Detective and teacher notes); 9-12 Lesson 10 Capstone	Add the guide's vocabulary without weakening "avoid diagnosis": define "push notification" (alerts an app sends about activity on your account) and "social comparison"; add one sentence on reward and notifications framed responsibly (see the FL-3 add-on in Gap_Lesson_Stubs.md; no "dopamine hit," no "like drugs") [VERIFY with a counselor or science teacher].
P-8	6-8 Lessons 2-4; 9-12 Lessons 1, 2, 4 and 9	A 2-minute "Device and network basics" add-on for the guide's security tips the kit lacks: keep devices updated; be careful on public Wi-Fi (do not log in to important accounts or share personal details); the term PII with examples; gaming accounts and chats in the settings audit; clearing the cache as one small step (not a guarantee); for 9-12 L9, one line each on privacy and copyright law [VERIFY technical wording with district IT and the law lines with counsel].
P-9	Help Ladder poster, Reporting Quick Card (6-8 Part 6; 9-12 Part A6, Disclosure Quick Card)	Add "school resource officer or school safety officer (if your school has one)" as a local fill-in; add "tell a parent or guardian, who contacts the bank" for money scams; add the two-kinds-of-evidence line (words and usernames: save; intimate pictures of anyone under 18: never save or send) and the order for threats (tell first, block with an adult, delete nothing); add one Discuss question on what good comes from reporting. [COUNSEL TO CONFIRM the evidence and officer wording; see Section 10, D1 to D4.]
P-10	9-12 Lesson 6; FL-6	Add one chart or infographic Claim Card (who is it about, when, by whom, one source or several) and a "report it in the app" move to the four moves.

7.1 STATUS OF EACH EDIT

ID	STATUS	WHERE APPLIED	DIFFERS FROM THE PROPOSAL
P-1	Applied	6-8 L4: Copy Chain block after Step 4 and a Takeaway sentence	Time-neutral: replaces the Step 4 share-out and trims the audit to two screens. Adds "copied by people and by software" from the guide (p.11).
P-2	Applied	6-8 L9 Hook sentence; teacher note	The note also carries the guide's plain definitions of cyberbullying and online harassment (p.13). Exact statutory wording still [VERIFY] with counsel.
P-3	Applied	6-8 Part 6 (Florida rows and duty line), Workbook help lines, R0-7 card; 9-12 A6, C1, R5 Helpline Card, R11-D Disclosure Quick Card, Workbook Help Page; Disclosure and Incident Guide resources	School-procedure wording stays [VERIFY] with district counsel.
P-4	Applied	6-8 L10 teacher notes	none
P-5	Applied	6-8 Part 5 standards flags; 9-12 A9	none
P-6	Applied	Counselor Heads-Up and Opt-Out Toolkit, Florida note	none
P-7	Applied	6-8 L10 (two-words box, teacher notes); 9-12 L10 (well-being line, vocabulary note)	The reward sentence is optional and flagged [VERIFY] with a counselor or science teacher.
P-8	Applied in part	6-8 Part 5 add-on plus pointers in L2, L3, L4; gaming accounts line in L4; 9-12 L1 add-on, L2 pointer, L4 note, L9 privacy and copyright lines	The 6-8 band gets no law line (privacy, copyright). FLAGS was not reworded; L3's notes mention attachments. Technical wording [VERIFY] with district IT; law lines [VERIFY] with counsel.
P-9	Applied	Help Ladder poster and R7 Reporting Quick Card (6-8); Part 6 three-case rule; 6-8 L1 Discuss Q4 (positive outcomes of reporting); 9-12 A6 and R11-D; Workbook help pages; Plus-lesson reporting cards; Disclosure guide Section 6B	R8's Reporting Quick Card already forbids saving the image and was left alone. [COUNSEL TO CONFIRM] stays on the evidence and officer wording.
P-10	Applied	9-12 L6: V9 chart Claim Card, Report move, data check; R6, Workbook W6, Answer Key	Lesson now has nine Claim Cards; the Timing note still allows four.

08 A Florida pathway by grade

Design rule. FLDOE says the components can be taught at any grade level or in any course; the statute says "for students in grades 6 through 12" and does not say that every component must be repeated every year. Districts that read it conservatively (every component, every grade) should use Pathway A. Districts that deliver once per band can use Pathway B. Confirm the reading with FLDOE (RequiredInstruction@fldoe.org) or district counsel. [VERIFY]

All lesson numbers below are 15-minute lessons. "L" = existing Hackles lesson. "P" = Plus lesson (written 2026-10-05; not usable until reviewed). Sensitive lessons (6-8 L6, L7, L8, P1, P2; 9-12 L5, L7, L8, P1, P2) need the counselor heads-up and family notice described in the kit and in

District_Adoption_Guide.md. The same pathways are printed in the 6-8 Teacher Guide Part 5 and the 9-12 Teacher Guide A8.

PATHWAY A: EVERY GRADE COVERS EVERY COMPONENT (ABOUT 2 HOURS PER YEAR)

GRADE	LESSONS IN SUGGESTED ORDER	COMPONENTS COVERED	TIME
6	L1 Help Ladder; L4 Footprint (+ P-I Copy Chain); L10 Built to Keep You Scrolling; P2 Scroll Science; P3 Fact, Fiction or Fake?; L9 Group Chat Dynamics; L6 Grooming Patterns; P1 Work, Pressure and Promises Online	C1, C2, C3, C4, C5a (L4), C5b, C5c, C5d, C6	8 lessons, 2 h
7	L2 Account Defense; L4 (+ P-I); L5 Chatbots & AI Companions; L9; L6; L10; P2 ; P1 ; P3 ; L1 (as the report refresher, first or last)	C1 to C6	10 lessons, 2.5 h (drop L2 or L1 if tight)
8	L1; L3 Phish Lab; L7 Pressure Online; L8 Fakes That Hurt; L9; L10; P2 ; P1 ; P3	C1 to C6 (C4 via L8 and P-I if L4 is not used)	9 lessons, 2.25 h
9-12 (teach in the year the school chooses, or rotate across years)	L1 Threat-Model; L4 Data Brokers and Location; L6 Synthetic Media; L5 Sextortion; L8 Be the Helper; P1 Recruitment Online; P2 Mind, Mood, and the Scroll; P3 Whose Goal Is It?; P4 From Mean to Harmful	C1 to C6	9 lessons, 2.25 h

Rotation if a 9-12 district wants every year: Grade 9 = L1, L4, P2, P3, L3; Grade 10 = L6, L5, P4, P1; Grade 11 = L8, L7, P2 (refresh), P3 (refresh); Grade 12 = L10 Capstone with a Florida reporting card, P1 (refresh with the labor-trafficking focus), L9. [Design suggestion; not an FLDOE requirement]

PATHWAY B: ONCE PER BAND (MINIMUM FLORIDA SET)

BAND	MINIMUM SET	COMPONENTS COVERED	TIME
Grades 6-8 (one grade, usually 7)	L1, L4 (+ P-I), L5, L6, L9, L10, P1 , P2 , P3	C1 to C6	9 lessons, 2.25 h
Grades 9-12 (one grade, or spread over two)	L1, L4, L5, L6, L8, P1 , P2 , P3 , P4	C1 to C6	9 lessons, 2.25 h

WHAT A DISTRICT SHOULD NOT DO

- Do not tell families that the Hackles 6-8 or 9-12 units "satisfy HB 379". The core ten alone do not (Section 5). With the Plus lessons they cover every component on paper (Section 5.1), but those lessons are unreviewed and the decision belongs to the district and FLDOE.
- Do not teach Plus Lesson P1 (either band) until the trafficking-prevention specialist review is complete, or Plus Lesson P2 (either band) until a counselor or clinician has reviewed it.
- Do not make "addiction" a label for individual students; teach it as a feature of design and of health, in plain language.

09 Crosswalk to FLDOE's "A Student's Guide to Internet Safety" (May 2025)

How to read this section. Every statement attributed to the guide below was read in the PDF on 2026-10-05 [VERIFIED 2026-10-05: FLDOE Student's Guide to Internet Safety, May 2025 PDF]. Page numbers (p.) are the guide's own. Statements are paraphrased (copyright care); a short phrase in quotation marks is the guide's wording. The Hackles-side mapping is the author's reading of the Teacher Guides and the FL-1 to FL-7 drafts and is **not** an FLDOE or district determination. Ratings use the Section 3 scale (Full, Partial, Gap); a pair such as "Partial / Gap" means grades 6-8 / grades 9-12.

9.1 WHAT THE GUIDE IS, AND WHAT IT IS NOT

- 16 pages; the PDF's creation date is May 2025 (file metadata: created 2025-05-22). It was "developed by the Florida Department of Education" and "aligned to Florida's state academic standards" (p.4).
- It calls itself a **supplementary** resource for a district's instruction, "developed for student usage at home" with parents or guardians, and says it "does not constitute complete instruction" (p.4). So it is not a lesson plan, and a district cannot treat handing it out as delivering the instruction.
- It is organised in six sections that mirror the six statutory components (p.2): negative effects on health; misinformation; manipulation of behavior; permanency; personal security / cyberbullying / predatory behavior / human trafficking; reporting. Each section has "students begin / learn how to" lists (written as one band for grades 6-12, with no grade-by-grade steps), "skills to practice" lists, tip lists and two home activities in boxes on pp.6, 8, 10, 12, 14 and 16.
- The guide also recounts the 2023 and 2024 laws (HB 379 and HB 3), and says HB 3 bars people under 14 from holding a social media account and lets 14- and 15-year-olds hold one with explicit parent or guardian permission (p.4). The kit does not teach platform minimum ages (see 9.4 and Section 10, D8).
- The "students may begin" lists (pp.5, 7, 9, 11, 13, 15) describe what students are likely doing, not what they must learn. They are not mapped here.

9.2 COMPONENT BY COMPONENT

Component 1: Negative effects on health, including addiction (guide pp.5-6)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Students learn to analyze how social media influences health behaviors, interpret its impact on physical and mental health, and analyze influences on physical, emotional and social health for individuals and a community (p.5)	L10 (Hook, Discuss Q5 on sleep, mood, friendships; Step 3 My Limits); L9 Step 2 Escalation Meter	None as an objective; L8 touches a friend in crisis	Partial / Gap	No lesson uses the guide's three health dimensions or the "community" level. FL-3 (6-8) and FL-4 (9-12) close the individual level; add one community question (see 9.4, row C1).
Skill: evaluate the effect of the internet and social media on personal and family health (p.5)	L10 Step 3 and the family card	None	Partial / Gap	FL-3, FL-4 plus the family cards.
Skill: investigate technologies to gather health information, including appropriate internet sources (p.5)	L5 Step 4 "Check it" (two other sources)	9-12 L6 four moves	Partial / Partial	Add "health information" as a worked example in FL-6 (6-8) and a line in FL-4 (9-12).
Skill: analyze how comments, saves, likes and shares can increase dopamine release, "similar to other addictive behaviors" (p.5)	L10 Design Detective names notifications, like counts, variable rewards; no dopamine or reward-chemistry explanation	None	Gap / Gap	The first-pass crosswalk missed this. Districts will expect it. FL-3 and FL-5 now carry a responsibly framed explanation (Gap_Lesson_Stubs.md, Guide vocabulary add-ons) [VERIFY with a counselor or science teacher].
Effects list: social comparison, cyberbullying, sleep disturbance, "personal wellness" (loneliness, isolation, interpersonal conflict, susceptibility to predatory behavior), addiction, with a note that push notifications raise the risk (p.5)	L10 names "like counts and comparison"; sleep in Discuss Q5 and Seven-Day Experiment; L9 cyberbullying; notifications in L10; loneliness and predator susceptibility are not named	None as a set; FL-4 covers sleep, mood, comparison	Partial / Gap	Name loneliness, isolation and social comparison in FL-3 and FL-4 (already in the Signal Cards) and state that notifications are one of the design features.
Push notifications defined as alerts an app or site sends about interactions or events on your account (p.6 box)	L10 "notifications and badges" without a definition	None	Partial / Gap	Add the definition (FL-3, FL-5 add-on).
Five signs of dependency: preoccupation with checking, difficulty cutting down, distress when unable to access, neglecting responsibilities, withdrawal-type restlessness (p.6)	None as a list. L10's Hook ("stuck on an app") touches one sign.	None	Gap / Gap	Missed in the first pass. Use plain words and the FL-3 Signal Sort (notice, adjust, talk to someone); do not give students a self-diagnosis checklist and do not use "withdrawal symptoms" without a clinician's guidance.
Five tips: talk to an adult, set boundaries (screen-free times and zones), track your use, offline activities, coping strategies (p.6)	L10 Step 3 My Limits (bedtime for devices, a time limit, one notification type off); Seven-Day Experiment; L1 telling	Capstone Defense Plan has no wellbeing line; FL-4 adds "My well-being setting"	Partial / Gap	Offline activities and coping strategies are not named; FL-3's Reset Menu and FL-4's Two-Week Experiment supply them.

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Seeking help: parent, caregiver, school counselor, school resource officer, or another trusted adult (p.6)	Help Ladder rung 3 (parent, relative, teacher, counselor, coach, nurse) and rung 4	A6 helpline page	Full / Partial	The school resource officer is not on the kit's list; see Section 10, D4 and edit P-9.
Home activities: keep a monthly screen-time journal from device settings; track push notifications for a week and turn off unneeded ones (p.6)	L10 Level-Up Seven-Day Experiment; My Limits	FL-4 Two-Week Experiment	Partial / Partial	Both are home activities. The kit's version is private and not reported to anyone; keep that (Section 10, D7).

Component 2: Misinformation (guide pp.7-8)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Learn to identify and analyze how social media shapes how you see the world and your thoughts, feelings and opinions (p.7)	L10; L5	L6 Discuss Q4 (why anger spreads things faster)	Partial / Partial	FL-5 (9-12) and FL-6 (6-8) carry it.
Skill: evaluate how consumer health messages and techniques target audiences (PSAs, posts) (p.7)	L4 ads and data screen; L10	L4; FL-5 marketing and feed targeting	Partial / Partial	Say "health messages" and "target audience" once in FL-5 and FL-6.
Skill: only share appropriate information; be a responsible user (p.7)	L4 four questions; L9 Step 3 Save, do not spread	L4; L8	Full / Full	
Step 1 Check intentions: feeds are built to keep you scrolling, liking and sharing, and platforms fill your feed with similar content (p.7)	L10 variable rewards, endless scroll; the feed-learns-you idea is not stated	FL-5 "For You" recommendations	Partial / Gap (until FL-5)	FL-6 should add "why am I seeing this?" in one sentence.
Step 2 Check source: is the account real; what is the intent of the post (p.7)	L5 "Check it"; L3 FLAGS (scam messages)	L6 Source move	Partial / Full	
Step 3 Pay attention to details: facts versus opinion; was the source cited (p.7-8)	FL-6 Check Strip (WHO made it? PROOF? WHO ELSE says so?)	L6 Claim Cards	Gap (until FL-6) / Full	
Step 4 Verify image or video: when, who, edited? use reverse image search; beware faces moved onto other bodies (p.8)	L8 (fakes cause harm; not a verification skill)	L6 Trace move; reverse image search demonstrated on a harmless sample (optional tech version)	Partial / Full	Add "reverse image search" and "manipulated video" to FL-6 as vocabulary (teacher demo, harmless sample only).
Step 5 Analyze data: who is it about, when and by whom collected, one source or several; infographics can misrepresent (p.8)	None	None	Gap / Gap	Missed in the first pass. Add one chart or infographic Claim Card (edit P-10; FL-6 add-on).
Be able to report misinformation on a platform when necessary (p.7)	None	None	Gap / Gap	Add a "report it in the app" move to FL-6 and 9-12 L6 (P-10).
Home activities: fact-check five claiming posts; write a family checklist before sharing (p.8)	FL-6 Share Pause card	L6 Claim Cards	Partial / Partial	

Component 3: How social media manipulates behavior (guide pp.9-10)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Learn to identify how others influence your thoughts, feelings and behaviors; analyze your impact on others; evaluate effects on personal, family and community beliefs (p.9)	L10 Design Detective; L9 Step 4 upstander phrases (your effect on others)	L3 persuasion by people (HOOKS), FL-5	Partial / Gap	"Your impact on others" and "community beliefs" are only implied. FL-5 and FL-7 add them.
Skill: analyze marketing strategies that appeal to specific audiences; evaluate how influences affect healthy choices; propose strategies to avoid risks (p.9)	L10 My Limits; L4 ads; L2-L4 for risks	FL-5 Feature X-Ray; capstone Defense Plan	Partial / Gap (Full for risk strategies)	
Definitions: health, legal and ethical behaviors (p.9 box)	Not defined	L9 ethics and law (CFAA); capstone	Gap / Partial	Add a one-line gloss in FL-6 or FL-7 teacher notes.
Warning signs: changes in health behaviors (isolation, unusual stress, low self-esteem, changes in sleep or eating); changes in use (excess time, secrecy about online activity, inappropriate content, cyberbullying) (p.9)	L6 secrecy and isolation (grooming pattern); FL-3 Signal Cards	L7 signs of digital control; FL-4	Partial / Partial	Teach these as "notice and tell" signals about a friend or yourself, never as a checklist teachers apply to students.
Eight "addressing" actions: open communication, learn about internet safety and computer-related laws, set boundaries (including unfollowing), healthy alternatives, seek support, critical thinking, stay informed, take breaks with a timer (p.10)	L10 Step 3 (limits, timer, notifications); L1; L4	Capstone; FL-4	Partial / Partial	"Unfollow accounts that promote unhealthy behaviors" appears in FL-4's Two-Week Experiment, not in 6-8; add to FL-3's Reset Menu.
Home activities: analyze a health ad or PSA; plan a health-awareness social campaign (p.10)	none	none	Gap / Gap	Optional; a 9-12 Capstone option (not required by the statute).

Component 4: Permanency of sharing online (guide pp.11-12)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Learn to discuss the permanency of data online; interpret the effect of social media on personal information and security; identify dangers to safety and security (p.11)	L4 ("Can I undo it?"); P-I Copy Chain proposed	L4 Big idea (shared information can travel and stay); Step 4 data brokers	Partial / Full	
Skill: change privacy settings; know when sharing personal information is safe (p.11)	L4 Step 3 PicNest settings audit	L4 Step 3 Settings Check	Full / Full	
Skill: justify using appropriate technology or sources; describe how a community can reduce adolescent health problems by encouraging responsible behavior such as reporting cyberbullying (p.11)	L9 upstander phrases; L1	L8 Be the Helper; capstone	Partial / Partial	The "community" framing is absent; one discussion question in P-I and FL-7.
Deleting online material is practically impossible; companies may keep account data after deletion; scraping and archiving tools and third parties may collect and sell what you share (p.11)	L4 teacher note ("often partly; others may have copied it"); no mention of scraping or sale	L4 data brokers; the teacher FAQ on caches and archives	Partial / Full	Add "copied by people and by software" to the P-I debrief.
Browser cache, search history and IP addresses can be retained and sold; clearing the cache can help you avoid being tracked (p.11)	None	None (caches and archives only in the FAQ)	Gap / Gap	Missed in the first pass. Short add-on in P-8. The guide's "clearing the cache avoids tracking" is simpler than reality; teach it as one small step, not a guarantee [VERIFY with district IT].
Screenshots: anyone who sees a post can capture and share it; control passes to the recipient (p.11)	L9 Step 3; P-I	L5, L4 FAQ	Full / Full	This is also where the evidence-screenshot divergence arises (Section 10, D1).
Navigate safely: use age-appropriate platforms and content; be careful even in private groups; pause before posting; follow community guidelines and internet-related laws (p.12)	Pause routine; L4 four questions; L9	Pause routine; capstone	Partial / Partial	"Age-appropriate platform" and "internet-related laws" are not taught. See D8 and 9.4 for minimum-age handling.
Home activities: make a digital-footprint action plan; search the names of yourself, family or friends to see what appears (p.12)	L4 footprint	L4	Partial / Partial	Home only; see Section 10, D7.

Component 5: Personal security, cyberbullying, predatory behavior, human trafficking (guide pp.13-14)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Learn to construct strategies to combat cyberbullying and online harassment (p.13)	L9 Escalation Meter, Save-do-not-spread, upstander phrases	L7, L8; FL-7	Full / Partial	
Learn to evaluate risks to personal information and behavior online; identify dangers to safety and security (p.13)	L2, L3, L4	L1 Threat-Model Yourself; L3; L4	Full / Full	
Skill: identify computer-related laws (digital privacy, security, intellectual property, network access) and analyze their effect on internet safety (p.13)	Teacher-background mention of CIPA only	L9 CFAA (network access); 9-12 reading list names the TAKE IT DOWN Act	Gap / Partial	Missed in the first pass. Intellectual property and digital privacy law are not taught in either band. 6-8 add-on in P-8; for 9-12, extend L9 Step 1 with one line each on privacy and copyright [VERIFY the law statements with counsel].
Skill: maintain personally identifiable information (examples: address, date of birth, Social Security number, phone number, biometric records) (p.13)	L4 (Alex's facts add up); L2	L4 mosaic; L1	Partial / Partial	The term "PII" and the examples (including biometrics) are not used. Add the term in P-8.
Definitions: predatory behavior (manipulation of others for personal gain); cyberbullying (using technology to send, post or share negative, false or mean content); online harassment (unwanted behavior directed at a person through technology); human trafficking (unlawfully subjecting people to exploitation, fraud or coercion for forced labor) (p.13 boxes)	L6 pattern, L9, none for trafficking	L5, L7, none for trafficking	Partial / Partial	Use these words alongside Hackles' plain terms (Section 10, language table). The trafficking definition is narrower than Florida law (Section 10, D5).
Tip 1 strong unique passwords: long, random, unrelated words plus numbers and symbols; avoid names and birthdates (p.13)	L2 Key Ring Game	L2	Full / Full	Wording differs (Section 10, D6).
Tip 2 two-factor authentication (p.13)	L2	L2 (passkeys, ranking the doors)	Full / Full	
Tip 3 update privacy settings, including for online gaming (p.13)	L4 Step 3	L4 Step 3	Full / Full (gaming settings: Gap)	Name gaming accounts and chats in the L4 audit (P-8).

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Tip 4 be careful with personal information: address, phone, financial details (p.14)	L4	L4	Full / Full	
Tip 5 beware phishing; do not click suspicious links or open unknown attachments (p.14)	L3 Phish Lab FLAGS	L3 Case Lab	Full / Full	Attachments are not named; add to FLAGS wording.
Tip 6 keep devices up to date with the latest security features and software (p.14)	None	None	Gap / Gap	Missed in the first pass. P-8.
Tip 7 public Wi-Fi: be cautious about what you share and avoid sensitive accounts (p.14)	None (the Inclusion Guide has a shared-computer note only)	None	Gap / Gap	Missed in the first pass. P-8.
Tip 8 "Trust Your Instincts": if something online is concerning, protect yourself right away and tell a trusted adult such as a parent, school counselor or school resource officer (p.14)	Part 2 Hackles up? Pause. Check. Tell. (opens and closes every lesson)	Part A Pause-Check-Tell for teens	Full / Full	Direct match. See Section 11 (Alignment note).
Suspicious activity, steps 1-9: stay calm; talk to someone; block and report; save evidence with screenshots or copies; do not respond; take a break; respect yourself and others; seek help; stay safe (review settings, be careful with information, do not meet strangers in person) (p.14)	L7 STOP (breath, no reply); L1 Help Ladder; L9 Save, do not spread; L3 Q5; L6 escalation (meeting up)	L5 STOP-SAVE-TELL-REPORT; L8; capstone	Full / Full, with three tensions	Steps 3, 4 and 5 and the "school resource officer" wording need reconciling (Section 10, D1 to D4). "Take a break" is only an implication in L10; add to the Reset Menu. The in-person-meeting rule appears in L6 as "meeting up" escalation only; [VERIFY].
Human trafficking: students are to learn to recognise and report the signs (pp.13, 15)	None	None (one teacher box in L3)	Gap / Gap	FL-1 and FL-2; specialist review first.
Home activities: check your device, browser and account privacy and location settings; write a family code of conduct for social media (p.14)	L4 Level-Up (Two-Minute Tune-Up)	WI Defense Plan	Partial / Partial	

Component 6: Reporting suspicious behavior (guide pp.15-16)

GUIDE STATEMENT (PARAPHRASE, PAGE)	HACKLES 6-8	HACKLES 9-12	RATING	WORDING GAP AND FIX
Learn to examine the positive outcomes when someone reports; justify using valid technology to gather information and report (p.15)	L1 "Telling is not tattling"; L7 "Telling is the most powerful step"; Next-Rung Rule	L5 TELL; L8 Hand off	Partial / Partial	"What good comes from reporting" is stated as encouragement, not examined. Add one Discuss question (P-9).
Skill: describe safe practices in online communities such as reporting unsafe, dangerous or unwanted activity (p.15)	L1, L6, L7 (REPORT), L8, L9	L5, L8	Full / Full	
Skill: analyze the impact of computer-related laws on internet safety (p.15)	None	L9 (CFAA)	Gap / Partial	See the row in Component 5.
Skill: promote safe and legal practices like recognising and reporting human trafficking and cyberbullying (p.15)	cyberbullying: L9; trafficking: none	cyberbullying: FL-7; trafficking: none	Partial / Partial	FL-1, FL-2, FL-7.
Step 1 Document the details: site or platform, username, date and time, nature of the activity; gather all evidence "in any form" such as screenshots, emails, messages (p.15)	L7 SAVE (usernames and messages as words); L9 Step 3	L5 SAVE (usernames, links, threats, dates)	Full / Full for text evidence	Intimate-image exception (Section 10, D1).
Step 2 Report to the platform ("Report Abuse", "Flag Content"; use the tool for harassment, cyberbullying, scams) (p.15)	Help Ladder rung 4; L7 REPORT; L8	L5 REPORT; capstone	Full / Full	
Step 3 Contact law enforcement through a trusted adult when illegal activity or serious danger is involved; give them the evidence (p.15)	Reporting Quick Card (NCMEC, adult-led); disclosure box	L5; A6; Disclosure Guide	Full / Full	Add Florida routes (P-3). Evidence caveat in D1.
Step 4 Financial fraud: tell a parent or guardian, who contacts the bank (p.15)	L3 teacher note on FTC reporting	L3 "call the number on the back of the card"	Partial / Partial	Add one line to the Reporting Quick Card (P-9).
Steps 5 and 6 Seek help from a trusted adult; stay informed about threats and scams (pp.15-16)	Help Ladder; L3 Flag Spotter Week	Capstone	Full / Partial	
Home activities: with a parent, find how to report on your most used platform; design a creative public-service post on reporting (p.16)	L7 Level-Up (counselor-approved poster; no case details)	Capstone	Partial / Partial	Keep the kit's rule: no case details on a poster.

9.3 ITEMS THE FIRST PASS MISSED

The guide expects, and the first pass did not list: (1) the dopamine and reward explanation tied to comments, saves, likes and shares; (2) the five signs of dependency; (3) push notifications as a defined term and risk factor; (4) social comparison and loneliness as named effects; (5) computer-related laws including privacy and intellectual property; (6) the term PII with examples; (7) device updates; (8) public Wi-Fi; (9) clearing the cache, IP tracking and third-party sale of data; (10) data checks (Step 5) and reverse image search; (11) "Block and Report" and "Do Not Respond" as named steps; (12) the "Trust Your Instincts" item; (13) the school resource officer as a named trusted adult; (14) minimum-age rules under HB 3.

9.4 VERDICT CHANGES AND ADJUSTED COVERAGE

The statutory-wording verdicts in Sections 4 and 5 stand. Read against the guide, two verdicts weaken and several sub-parts are added.

"Guide-adjusted" means a district that uses the guide's own statements as its checklist.

COMPONENT	STATUTORY VERDICT 6-8 / 9-12	GUIDE-ADJUSTED 6-8 / 9-12	WHY IT CHANGES	CLOSED BY
C1 Mental health, addiction	Partial / Gap	Partial / Gap (no change; more specific)	Dopamine explanation, signs of dependency, push notifications, comparison, loneliness are not taught	FL-3, FL-4 (updated with guide vocabulary)
C2 Misinformation	Partial / Full	Partial / Partial	Step 5 data checks and "report misinformation" missing in 9-12	FL-6, P-10
C3 Manipulation	Full / Gap	Partial / Gap	The guide asks for the dopamine and interaction analysis (likes, saves, shares) and for feed-targeting language; 6-8 LI0 does not state them	FL-3, FL-5, P-7
C4 Permanency	Partial / Full	Partial / Full (sub-gaps)	Cache and IP tracking; age-appropriate platforms; internet-related laws	P-1, P-8
C5a Personal security	Full / Full	Partial / Partial	Device updates, public Wi-Fi, PII term and gaming settings are not taught; computer-related laws only partly	P-8 (a 2-minute add-on, not a new lesson)
C5b Cyberbullying	Full / Partial	Full / Partial	Matches the guide's definition and strategies	FL-7, P-2
C5c Predatory behavior	Full / Partial	Full / Partial	Matches the guide's broad definition	FL-2
C5d Human trafficking	Gap / Gap	Gap / Gap	Guide's definition is narrower than Florida law	FL-1, FL-2
C6 Reporting	Full / Full	Full / Full (sub-gaps)	Positive outcomes of reporting; bank step; Florida routes; evidence rule	P-3, P-9

Adjusted count (nine rows): grades 6-8 = 3 Full, 5 Partial, 1 Gap. Grades 9-12 = 2 Full (C4, C6), 4 Partial (C2, C5a, C5b, C5c), 3 Gap (C1, C3, C5d).

Statutory-wording count is unchanged: 5 Full, 3 Partial, 1 Gap (6-8); 4 Full, 2 Partial, 3 Gap (9-12). Do not tell districts that the unchanged kit "satisfies" the guide.

10 Divergences and cautions

WHERE THE GUIDE AND the kit disagree, the kit does not tell students the state guide is wrong. It keeps its safeguards and adds a plain reconciliation for teachers. Each item states what the guide says [VERIFIED 2026-10-05: FLDOE Student's Guide to Internet Safety, May 2025 PDF], what the kit says, and how to handle it.

DI. SAVING EVIDENCE WITH SCREENSHOTS VERSUS NEVER SAVING INTIMATE IMAGES OF MINORS [COUNSEL TO CONFIRM]

- **Guide:** Under suspicious activity, step 4 tells students to keep a record of inappropriate messages, comments or posts by taking screenshots or saving copies of conversations as evidence (p.14). Under reporting, step 1 says to gather all evidence "in any form" such as screenshots, emails or messages and to give it to law enforcement (p.15).
- **Kit:** STOP-SAVE-TELL-REPORT keeps text, usernames, links and dates only; students must never save, copy, forward or screenshot a nude or sexual image of anyone under 18, including a fake, and not even "as proof" (9-12 Part A, Response Drill; 6-8 L7 and L8). The Disclosure and Incident Guide tells staff not to view, copy, download, forward, print or screenshot such images and not to ask a student to show them.
- **Reconciliation (teacher guidance).** The guide's advice is right for most evidence and the kit agrees with it. There is one exception, and it is the one that protects students from a crime.
 1. **Words and records (harassment, threats, rude or cruel comments, scam messages, usernames, profile links, dates and times):** screenshots and saved copies are fine and match the state guide. Keep them private, give them to a trusted adult, and never post or forward them to classmates ("Save, do not spread," 6-8 L9).
 2. **Sexual or intimate images of anyone under 18, including the student themselves, a classmate, or an AI or edited fake:** do not screenshot, save, forward or show anyone, including a teacher or friend. Instead write down or screenshot only the surrounding text (the username, the words of the message or threat, the link, the date). Tell a trusted adult. The adult uses the platform's report tool and, where right, NCMEC or law enforcement, who can collect the material lawfully. Take It Down can help remove it.

3. **Not sure what kind it is?** Do not capture it. Tell a trusted adult first; telling matters more than saving.
- **Say to students who have read the guide:** "The state guide says to keep a record, and that is right for words and usernames. There is one exception: if a picture is a nude or sexual picture of someone under 18, do not keep it or send it, even to prove something. Keep the words and the username. A grown-up can get the rest the safe way."
- **If a student says they already saved or screenshotted an intimate image:** do not view it and do not ask them to show you; ask them not to forward it and not to delete things on their own initiative; do not shame them; secure the device per policy, bring in an administrator, and follow the district's mandated-reporting steps (Disclosure and Incident Guide).
- **Why this needs counsel:** the kit's statement of federal and state law on possessing or sharing such images is itself marked [VERIFY], and how staff and school resource officers handle a device is a district policy question. [COUNSEL TO CONFIRM: wording of the exception, handling by staff and school resource officers, and whether the district's family letter should repeat the exception where it mentions the FLDOE guide.] Ask the district counsel or school policy before this guidance goes to families.
- **Add to family cards** wherever the FLDOE guide is distributed: one sentence: "The state guide suggests saving evidence. If it is a nude or sexual picture of a young person, do not save or send it; tell a trusted adult." [COUNSEL TO CONFIRM]

D2. "BLOCK AND REPORT" VERSUS THE SAFE-REPORTING ORDER

- **Guide:** use the platform's tools to block the account holder and report to the platform administrators (p.14).
- **Kit:** for sextortion and exploitation, the order matters. The Disclosure Guide asks the child not to delete the conversation and not to block the account until a trusted adult has recorded the username, profile link and dates, if a reporting adult advises it; the 6-8 L7 background notes NCMEC's advice to block but not delete messages [VERIFIED 2026-10-05 in the kit's own fact-check, not re-read here].
- **Handling:** for ordinary harassment, spam or rude behavior, blocking and reporting right away (after capturing the words) is fine and matches the guide. For a threat, a request for images or money, or anything an adult might need to act on, say "Tell first, then block with the adult's help, and do not delete anything." One line in the Reporting Quick Card (P-9).

D3. "DO NOT RESPOND" VERSUS UPSTANDER PHRASES

- **Guide:** it is best not to engage with suspicious, unwanted or unsafe situations, because responding may have unintended consequences (p.14).
- **Kit:** STOP means stop replying, and do not pay. 6-8 L9 and FL-7 also teach upstander phrases and private support to a target in a peer group chat.
- **Handling:** teach two cases. With a stranger, scammer, suspected predator or someone threatening you: do not reply. In a peer group chat where someone is being targeted: do not retaliate or pile on; leaving the chat or messaging the target privately is allowed, and a short calm phrase is optional. Neither contradicts the guide, which is about not engaging with the person causing the harm.

D4. "REPORT TO A SCHOOL RESOURCE OFFICER" VERSUS THE KIT'S COUNSELOR-FIRST ROUTING

- **Guide:** it names the school resource officer as a trusted adult in three places (Trust Your Instincts, p.14; Talk to Someone, p.14; Seeking Help, p.6).
- **Kit:** the Help Ladder lists a parent or caregiver, relative, teacher, counselor, coach and school nurse; the Next-Rung Rule says keep telling until someone helps; "local police or school resource officer" is a blank to fill in locally (Part 6). Staff routing after a student discloses goes to an administrator, the counselor and, where required, law enforcement. The counselor-first step is **staff protocol and lesson prep**, not a rule about whom a student may tell.
- **Handling:** do not tell students that the officer is the wrong person. In the Florida edition, add the school resource officer (or school safety officer, where the school has one) as a local fill-in on rung 3 or 4 (P-9). Remind teachers that any adult who hears a disclosure follows mandated-reporting law and district policy no matter who the student chose. Some students and families have hard experiences with law enforcement on campus; the Inclusion Guide applies, and the student chooses from the list. How an officer handles a device with an intimate image remains [VERIFY with counsel] (Disclosure and Incident Guide).

D5. THE GUIDE'S DEFINITION OF HUMAN TRAFFICKING

- **Guide:** it says trafficking happens when a person is sold or used for labor, often harmed, deceived, forced or manipulated into working (p.13), and defines it in the glossary box as unlawfully subjecting people to exploitation, fraud or coercion for the purpose of **forced labor** (p.13).
- **Kit and law:** FL-1 and FL-2 use the Legislature's wording, force, fraud or coercion for the purpose of sexual exploitation **or** forced labor, and note

that victims are children, teens and adults [VERIFIED 2026-10-05: s. 787.06(1), leg.state.fl.us].

- **Handling:** teachers should expect students to arrive with the labor-only framing from the guide. Say: "The state guide talks about forced labor. Florida law also covers sexual exploitation. Both involve force, tricks or pressure, and both are crimes." Keep it general (no detail about acts). The trafficking-prevention specialist review (Gap_Lesson_Stubs.md banner) should decide the final wording. Do not teach the "sold" or "stranger snatches a child" picture; FL-1 teacher notes already say so.

D6. PASSWORD WORDING

- **Guide:** use a long string of random, unrelated words along with numbers and symbols (p.13).
- **Kit:** length and uniqueness matter more than complexity rules, consistent with current NIST guidance as recorded in the kit [kit marked VERIFIED 2026-10-05].
- **Handling:** the two agree on length and uniqueness. Students may add numbers or symbols if a site asks. If a test or family handout uses the guide's wording, accept it.

D7. HOME ACTIVITIES AND THE KIT'S PRIVACY RULES

- The guide's home activities include searching the names of yourself, family or friends and tracking screen time and notifications (pp.6, 12). The kit forbids using real names in class, never asks students to report their own screen time or feelings, and keeps experiments private. Keep these as **home** activities with a parent or guardian, as the guide itself frames them (p.4); do not run them as class tasks or collect results.

D8. PLATFORM MINIMUM AGES (HB 3)

- The guide says people under 14 may not hold a social media account and 14- and 15-year-olds need explicit parent or guardian permission (p.4). Hackles does not teach platform minimum ages. The statute text was read earlier (s. 501.1736), but its enforcement and litigation status are unconfirmed [VERIFY]. Do not ask students whether they have accounts. Teach "it is never your fault" and keep reporting open to students whose accounts may break the rule; add one sentence in teacher notes only: "Some students may already have accounts; do not shame or ask."

D9. CACHE CLEARING AND TRACKING

- The guide says clearing the browser cache can help you avoid being tracked (p.11). That is a simplification: tracking can also use account logins and network identifiers. In P-8, teach it as one small step among several, and [VERIFY] the wording with district IT.

LANGUAGE DIFFERENCES (HEALTH-EDUCATION FRAMING VERSUS SECURITY FRAMING)

The guide uses the vocabulary of Florida's health education benchmarks: "health behaviors," "dependency," "withdrawal symptoms," "personal wellness," and verbs such as analyze, interpret, justify and propose. Hackles uses security-and-safety words (strands A to F; case files; Hackles up, Pause, Check, Tell) and, on purpose, plain words such as "hard to stop" rather than diagnostic labels. The kit also covers things the guide does not (chatbots and AI companions, sextortion, AI fakes, grooming patterns, passkeys).

GUIDE TERM	HACKLES TERM	HOW TO USE BOTH
Social media dependency, addiction, withdrawal symptoms	"Hard to stop," compulsive use, feeling restless or upset when you cannot check	Teach plain words first; name "addiction" once and say only a health professional diagnoses; do not teach "withdrawal symptoms" as a student checklist [VERIFY with a counselor].
Social comparison	"Like counts and comparison" (6-8 L10)	Same idea; FL-3 and FL-4 now define it.
Push notifications	"Notifications and badges," "alerts"	Use the guide's definition.
Account holder	The person who has the account	Fine to use the guide's term in definitions.
Digital footprint; permanency	Footprint; "can it be undone?"; "can outlive your delete button" (P-1)	Use "permanent" and "permanency" aloud so students recognise the state term.
PII	"Personal details"	Add the term (P-8).
Predatory behavior	Grooming pattern (trust, secrecy, isolation, escalation); pressure	The guide's definition is broad; the kit's pattern is a way to recognise it.
Online harassment, cyberbullying	Mean, hurting, TELL NOW (6-8 L9); FL-7 Four Questions	Add both terms (P-2, FL-7).
Analyze, interpret, evaluate, justify, propose	Notice, check, tell; exit tickets	For district alignment documents, relabel exit tickets with the guide's verbs; do not change student text.

11 Alignment note (for teachers, district adoption memos and partner packages)

What the guide says. Tip 8 in the guide's list of ways to protect personal security online is titled "Trust Your Instincts." It says that if something online is concerning, a student should take steps to protect themselves immediately and report suspicious activity to a trusted adult such as a parent, school counselor or school resource officer (p.14) [VERIFIED 2026-10-05; FLDOE Student's Guide to Internet Safety, May 2025 PDF].

Short paragraph for a district memo.

FIELD NOTE	No. 1
Hackles is a free, independent classroom resource from Competence Collective. Its core routine, <i>Hackles up? Pause. Check. Tell.</i>, teaches the same habit that the Florida Department of Education's own <i>A Student's Guide to Internet Safety</i> (May 2025) lists as "Trust Your Instincts": when something online feels wrong, take a protective step right away and tell a trusted adult. In Hackles, "Hackles up" names the gut feeling, "Pause" is the immediate protective step, "Check" is a quick look at what is really happening, and "Tell" sends students to a trusted adult through the Help Ladder. Hackles has not been reviewed, approved or endorsed by the Florida Department of Education or by any district, and this paragraph does not claim alignment with, or approval by, any state agency; it says only that the two resources give students the same habit. Districts decide whether and how to use Hackles in their own required-instruction plans.	

Easy version for teachers (say it in one breath). "The state guide says to trust your instincts, protect yourself and tell a trusted adult. Our routine is the classroom version: Hackles up, Pause, Check, Tell."

Do and do not.

- Do cite the guide by title and date, and say what it says (p.14, tip 8).
- Do not say Hackles is "based on," "aligned with," "approved by" or "endorsed by" FLDOE, and do not use FLDOE's name or logo as a badge on kit materials.
- Do not suggest that giving students the FLDOE guide delivers the instruction; the guide says it is supplementary, home-use material (p.4).
- Keep the evidence exception (D1) in any family letter that mentions the guide. [COUNSEL TO CONFIRM]

12 **What I could not confirm**

- The text of FLDOE's Required Instruction Implementation Plan Template (2026-52A) and Form RI-1: not read. [VERIFY]
- FLDOE's "A Student's Guide to Internet Safety" PDF (pp.1-16, including the home activity boxes) is now read in full. [VERIFIED 2026-10-05: FLDOE Student's Guide to Internet Safety, May 2025 PDF, supplied by the project owner] The PDF's own URL on fldoe.org was not captured; the page that links to it is <https://www.fldoe.org/academics/standards/instructional-materials/effects-sm.stml> (read 2026-10-05). The guide has no printed publication date; "May 2025" comes from the PDF's creation metadata. [VERIFY the posting date with FLDOE]

- FLDOE's computer science benchmark entries and vertical-alignment pages in the Instructional Guide. [VERIFY]
- Whether FLDOE or the State Board has adopted separate "standards" for social media instruction beyond the health education benchmarks cited in the guide. I found the guide only. The 2026 statute still says the State Board "is encouraged to adopt standards and pursue assessment of the requirements of this subsection." [VERIFIED 2026-10-05: leg.state.fl.us 1003.42] I did not search the State Board rules for adopted standards. [VERIFY]
- Whether any Florida district has formally adopted Hackles: none known; the kit is a draft.
- Whether a free supplemental kit is "instructional materials" under s. 1006.29(2) for the purposes of district review. That is a district counsel question. [VERIFY]
- The scientific wording for dopamine, social comparison and "dependency" in student materials: no primary research source was read; clinician review is required (see FL-3 and FL-4). [VERIFY]
- Counsel's view on D1 (screenshots and intimate images), D4 (school resource officers and devices) and the family-letter wording. [COUNSEL TO CONFIRM]
- Any review of the Plus lessons by a trafficking-prevention specialist, a clinician or counselor, an educator, an accessibility reviewer or a classroom pilot. None has happened. [VERIFY]
- Whether Rule 6A-1.094124's list of child trafficking prevention topics, including "prevalence," requires numbers in student materials. The Plus lessons teach none. [VERIFY with FLDOE or counsel]
- The Spanish versions of the Plus lessons (see 18_Espanol/TODO_new_lessons.md).
